ATKINSON, MILES, 801.

BATES, C. E. H., 812.

Boemer, L. C., 513.

Boies, L. R., 265.

Broders, A. C., 283.

Brunner, Hans, 763.

CAMPBELL, P. A., 69.

Cantor, J. J., 554.

Collins, B. E., 694.

Cone, A. J., 84.

Crosby, Elizabeth, 243.

DECKER, R. M., 358.

Dixon, O. J., 415.

EARL, D. H., 686.

Equen, Murdock, 178.

Eschenbrenner, J. W., Jr., 694.

FIGI, F. A., 283.

Fletcher, Russell, 362.

Fomon, Samuel, 518.

Furstenberg, A. C., 243.

GATEWOOD, E. T., 322.

Glass, R. L., 409.

Glauber, J. J., 686.

Goodale, R. L., 757.

Grove, W. E., 458.

HARA, H. J., 5.

Havens, F. Z., 283.

Hendricks, J. E., 662, 797.

Hersh, J. H., 534.

Hickey, H. L., 143.

Hilding, A. C., 725.

Hirsch, E. F., 5.

Hirsch, L., 349.

Holinger, P. H., 5.

Hollender, A. R., 575.

Howard, J. C., Jr., 186.

KELEMEN, GEORGE, 192, 421.

LEASURE, J. K., 183.

Lieberman, A. T., 662.

Luongo, Romeo, 518.

Lyle, P. L., 694.

MAGNUSEN, P. L., 684.

McMahon, B. J., 61.

McQuiston, R. J., 373.

McReynolds, G. S., Jr., 114.

Mikell, J. S., 708.

Morrison, L. F., 390.

Mothersill, M. H., 166.

Murtagh, J. A., 307.

NELSON, R. F., 367.

PERLMAN, H. B., 159, 483.

Post, W. L., 747.

Priest, R. E., 786.

Proetz, A. W., 91, 94, 739.

REAGAN, D. J., 37.

Richardson, J. R., 328.

SARGENT, F. B., 495.

Schall, L. A., 37, 174.
Schattner, Alfred, 518.
Selfridge, Grant, 384.
Shambaugh, G. E., Jr., 43.
Shelton, F. W., 114.
Smith, J. W., 686.
Snitman, M. F., 125.
Spiesman, I. G., 763.
Szanto, P. B., 575.

TAMARI, M., 349.
Theobald, J. J., 763.
Titche, L. L., 568.
Trapasso, T. J., 716.
Truex, E. H., Jr., 466.
Turchik, Frank, 518.

VAN ALYEA, O. E., 298, 443.

WEILLE, F. L., 96.
Weymuller, E. A., 684.
Woodruff, G. H., 202, 582.
Wright, R. W., 499.

ZINN, W. F., 136.

Index of Titles

ABDUCTOR Paralysis, Bilateral, Further Observations on the King Operation for. Lewis Francis Morrison, 390.

Acoustic Trauma. Lilburn C. Boemer, 513.

Aero-otitis Media: A Further Report of Purulent Otitis Media Complicating Aero-otitis Media. R. Wesley Wright, 499.

Aerosinustitis—A Résumé. Paul A. Campbell, 69.

Aerotitis Control Program in the Army Air Forces, 649.

Aerotitis Control Program of the Army Air Forces. Activities of Irradiation Clinic at Westover Field, Mass. (First Air Force). John E. Hendricks and Alfred T. Lieberman, 662.

Aerotitis Control Program of Army Air Forces. Report of First Air Force, Mitchell Field, N. Y. Ernest A. Weymuller and Paul L. Magnusen, 684.

Aerotitis Control Program of Army Air Forces. Report of Third Air Force. Jerome J. Glauber, John W. Smith and Donald H. Earl, 686.

Aerotitis Control Program of Army Air Forces. Report of Eighth Air Force. Braswell E. Collins, John W. Eschenbrenner and Philip L. Lyle, 694.

Aerotitis Control Program of Army Air Forces. Report of Twelfth Air Force. John S. Mikell, 708.

Aerotitis Control Program of Army Air Forces. Report of Fifteenth Air Force. Tony J. Trapasso, 716.

Allergy, Nasal, for the Practicing Rhinologist. George E. Shambaugh, Jr., 43.

Alnico Magnet—An Aid to Bronchoscopy and Esophagoscopy. Murdock Equen, 178.

Arterial Spasm and Fat Metabolism: Their Relation to Certain Diseases and to Certain Members of the Vitamin B Complex. Grant Selfridge, 384.

BARANY Instruction at the Massachusetts Eye and Ear Infirmary; Brief Labyrinthine Physiology for Residents. Francis L. Weille, 96.

Blast, Rupture of the Tympanic Membrane due to. A Mechanical Hypothesis. J. J. Cantor, 554.

Bone Transplants, Cancellous, for the Correction of Saddle Nose. Samuel Fomon, Romeo Luongo, Alfred Schattner and Frank Turchik, 518.

Bronchogenic Carcinoma, An Analysis of 175 Proved Cases. Paul H. Holinger, H. James Hara and Edwin F. Hirsch, 5.

Bronchography As a Diagnostic Aid in Chest Disease. George S. McReynolds, Jr., and Fred W. Shelton, 114.

Bronchoscopy and Esophagoscopy, The Alnico Magnet as an Aid to. Murdock Equen, 178.

Bronchoscopy, Reactions Following. L. L. Titche, 568.

CANCER of the Larynx, Seven Charts on. LeRoy A. Schall, 174.

Carcinoma, Bronchogenic, An Analysis of 175 Proved Cases. Paul H. Holinger, H. James Hara and Edwin F. Hirsch, 5.

Carcinoma of the Maxillary Sinus, Individualization in the Management of. Maurice F. Snitman, 125.

Chest Disease, Bronchography as a Diagnostic Aid in. George S. McReynolds, Jr., and Fred W. Shelton, 114.

Cilia, Action of, Some Further Experiments in the Production of Negative Pressure in the Trachea and Frontal Sinus by. Anderson C. Hilding, 725.

Cilia and Penicillin, A Laboratory Note. Arthur W. Proetz, 94.

DEAFNESS, Chronic; Its Treatment in the Army. Edward H. Truex, Jr., 466.

Deafness in Children, Prevention of. Russell M. Decker, 358.

Deafness, Post-War, A Challenge to the Otologist. Bernard J. McMahon, 61.

Displacement Principle, An Adaptation of the, for the Introduction of Gases into the Sinuses. Arthur W. Proetz, 91.

EAR, Hemangioma of the—A New Method for the Control of Hemorrhage. O. Jason Dixon, 415.

Ear, Middle, Chronic Suppuration of, with Fistula, Management of. M. Tamari and L. Hirsch, 349.

Ear, Stroboscopic Examination of the. H. B. Perlman, 483.

Esophageal Voice, A Simple and Practical Procedure for Developing, in the Laryngectomized Patient. E. Trible Gatewood, 322.

Esophagus, Obstruction of, Due to Meat Impaction, A New Treatment for. John R. Richardson, 328.

Ethmoid Cells and the Frontal Sinus, Ossifying Fibroma of the. Case Report. George H. Woodruff, 582.

Exophthalmos, Malignant. LeRoy A. Schall and Daniel J. Reagan, 37.

FACIAL Neuralgia, Spasmodic. Robert Lee Glass, 409.

Fibroma, Ossifying, of the Ethmoid Cells and the Frontal Sinus. Case Report. George H. Woodruff, 582.

Fistula, Antral, Management of, and Maxillary Sinusitis of Dental Origin. Ralph J. McQuiston, 373.

Fistula, Chronic, Middle Ear Suppuration with Management of. M. Tamari and L. Hirsch, 349.

Fistula of the Frontal Sinus, Some Lesions Associated with. Harold L. Hickey, 143.

Foreign Bodies of the Maxillary Sinus. John C. Howard, Jr., 186.

Fractures of the Nasal Bony Vault, Management of. Joseph H. Hersh, 534.

Frontal Sinus and Ethmoid Cells, Ossifying Fibroma of the. George H. Woodruff, 582.

Frontal Sinus, Some Lesions Associated with Fistula of the. Harold L. Hickey, 143.

Frontal Sinus Surgery, Radical, The Use of Tantalum in. Robert L. Goodale, 757.

GASES, An Adaptation of the Displacement Principle for the Introduction of, into the Sinuses. Arthur W. Proetz, 91.

HEARING Conservation Program, The Role of the Otologist in a. W. E. Grove, 458.

Hearing Testing Cabinet. J. Kent Leasure, 183.

Hemangioma of the Ear—A New Method for the Control of Hemorrhage. O. Jason Dixon, 415.

Hemorrhage, A New Method for the Control of, in Hemangioma of the Ear. O. Jason Dixon, 415.

Hemorrhage, Recurrent Severe, From the Nose and Pharynx, Francis B. Sargent, 495.

Hemorrhages, Massive Pharyngeal. George H. Woodruff, 202.

Histamine Test, Intradermal, The Validity of the, in Ménière's Syndrome. Miles Atkinson, 801.

Hoarseness, Significance of. Waitman F. Zinn, 136.

INNERVATION, Laryngeal, Some Observations on. The Respiratory Function of the Larynx. Preliminary Report. John A. Murtagh, 307.

Irrigation of the Maxillary Sinus by Way of the Middle Meatus. O. E. Van Alyea, 298.

KING Operation for Bilateral Abductor Paralysis, Further Observations on the. Lewis Francis Morrison, 390.

LABYRINTHINE Physiology for Residents as Part of Barany Instruction at the Massachusetts Eye and Ear Infirmary. Francis L. Weille, 96.

Larynx, Cancer of the, Seven Charts on. LeRoy A. Schall, 174.

Larynx, Respiratory Function of the. Some Observations on Laryngeal Innervation. Preliminary Report. John A. Murtagh, 307.

Larynx, Stroboscopy of the. H. B. Perlman, 159.

MAGNET, The Alnico—An Aid to Bronchoscopy and Esophagoscopy. Murdock Equen, 178.

Malingering Test, Stenger, Made with the Audiometer. Russell Fletcher, 362.

Maxillary Sinus, Carcinoma of the, Individualization in the Management of. Maurice F. Snitman, 125.

Maxillary Sinus, Foreign Bodies of the. John C. Howard, Jr., 186.

Maxillary Sinus, Irrigation of the, by Way of the Middle Meatus. O. E. Van Alyea, 298.

Maxillary Sinusitis of Dental Origin and the Management of Antral Fistula. Ralph J. McQuiston, 373.

Meat Impaction, A New Treatment for Esophageal Obstruction due to. John R. Richardson, 328.

Ménière's Syndrome: The Validity of the Intradermal Histamine Test. Miles Atkinson, 801.

Metabolism, Fat, and Arterial Spasm: Their Relation to Certain Diseases and to Certain Members of the Vitamin B. Complex. Grant Selfridge, 384.

Microscopy of the Temporal Bone with Polarizing Films. George Kelemen, 192.

Middle Ear Suppuration, Chronic, with Fistula, Management of. M. Tamari and L. Hirsch, 349.

NASOPHARYNGOSCOPE, Photography Through a. John E. Hendricks, 797.

Negative Pressure, Some Further Experiments in the Production of, in the Trachea and Frontal Sinus by Ciliary Action. Anderson C. Hilding, 725.

Neuralgia, Spasmodic Facial. Robert Lee Glass, 409.

Nose and Pharynx, Recurrent Severe Hemorrhage from the. Francis B. Sargent, 495.

Nose, Fractures of the, and their Management. Joseph H. Hersh, 534.

Nose, Psychosomatic Syndromes of, Accompanying and Following Acute Anxiety. Winfred L. Post, 747.

Nose, Saddle, Cancellous Bone Transplants for the Correction of. Samuel Fomon, Romeo Luongo, Alfred Schattner and Frank Turchik, 518.

OBITUARIES:
Dundas-Grant, Sir James, 235.
Frank, Ira, 237.
Friesner, Isidore, 818.
Levy, Robert, 615.
Newhart, Horace, 609.

Otitis Externa in the South Pacific. Roy F. Nelson, 367.

Otitis Media, Chronic Suppurative. Lawrence R. Boies, 265.

Otitis Media, Purulent, A Further Report on, Complicating Aero-otitis Media. R. Wesley Wright, 499.

PARALYSIS, Bilateral Abductor, Further Observations on the King Operation for. Lewis Francis Morrison, 390.

Penicillin and Cilia. A Laboratory Note. Arthur W. Proetz, 94.

Penicillin and Infections of the Ear, Nose and Throat. M. H. Mothersill, 166.

Penicillin, Repeated Irrigations of, for Treatment of Suppurative Paranasal Sinusitis. A Negative Report. Robert E. Priest, 786.

Penicillin Solutions, Local Infiltration of, in Peritonsillar and Pharyngomaxillary Spaces. A. J. Cone, 84.

Pharynx. Local Infiltration of Penicillin Solutions in Peritonsillar and Pharyngomaxillary Spaces. A. J. Cone, 84.

Pharynx, Massive Hemorrhages from. George H. Woodruff, 202.

Pharynx, Recurrent Severe Hemorrhage from the Nose and. Francis B. Sargent, 495.

Photography Through a Nasopharyngoscope. John E. Hendricks, 797.

Plasma Cell Tumors of the Upper Part of the Respiratory Tract. Frederick A. Figi, Albert C. Broders and Fred Z. Havens, 283.

Pneumosinus Dilatans. Hans Brunner, Irwin G. Spiesman and John J. Theobald, 763.

Polarizing Films, Microscopy of the Temporal Bone with. George Kelemen, 192.

"Postnasal Drip." The Current American Nightmare. Arthur W. Proetz, 739.

Psychosomatic Syndromes, Nasal, Accompanying and Following Acute Anxiety. Winfred L. Post, 747.

RADIUM, Use of, in the Aerotitis Control Program of the Army Air Forces, 649.

Radium, Use of, in Aerotitis Control Program of Army Air Forces. Activities of Irradiation Clinic at Westover Field, Mass., (First Air Force). John E. Hendricks and Alfred T. Lieberman, 662.

Radium, Use of, in Aerotitis Control Program of Army Air Forces. Report of First Air Force, Mitchell Field, N. Y. Ernest A. Weymuller and Paul L. Magnusen, 684.

Radium, Use of, In Aerotitis Control Program of Army Air Forces. Report of Third Air Force. Jerome J. Glauber, John W. Smith and Donald H. Earl, 686.

Radium, Use of, In Aerotitis Control Program of Army Air Forces. Report of Eighth Air Force. Braswell E. Collins, John W. Eschenbrenner and Philip L. Lyle, 694.

Radium, Use of, In Aerotitis Control Program of Army Air Forces. Report of Twelfth Air Force. John S. Mikell, 708.

Radium, Use of, In Aerotitis Control Program of Army Air Forces. Report of Fifteenth Air Force. Tony J. Trapasso, 716.

Respiratory Tract, Plasma Cell Tumors of the Upper Part of the. Frederick A. Figi, Albert C. Broders and Fred Z. Havens, 283.

SADDLE Nose, Cancellous Bone Transplants for the Correction of. Samuel Fomon, Romeo Luongo, Alfred Schattner, and Frank Turchik, 518.

Salivary Glands, Disturbance of the Function of the. A. C. Furstenberg and Elizabeth Crosby, 243.

Salivery Tumor, Mixed, in the Right Tonsil Fossa with Narcolepsy and Cataplexy. Charles E. H. Bates, 812.

Sinus Disease, Chronic, Management of—A Critical Analysis of Modern Therapeutic Measures. O. E. Van Alyea, 443.

Sinus, Frontal, Some Lesions Associated with Fistula of the. Harold L. Hickey, 143.

Sinus, Maxillary, Carcinoma of the, Individualization in the Management of. Maurice F. Snitman, 125.

Sinus, Maxillary, Foreign Bodies of the. John C. Howard, Jr., 186.

Sinus, Maxillary, Irrigation of the, by Way of the Middle Meatus. O. E. Van Alyea, 298.

Sinus Surgery, Radical Frontal, The Use of Tantalum in. Robert L. Goodale, 757.

Sinuses, Adaptation of the Displacement Principle for the Introduction of Gases into the. Arthur W. Proetz, 91.

Sinuses, Frontal and Ethmoid, Ossifying Fibroma of the. Case Report. George H. Woodruff, 582.

Sinusitis, Maxillary, of Dental Origin and the Management of Antral Fistula. Ralph J. McQuiston, 373.

Sinusitis, Suppurative Paranasal, Treatment of, with Repeated Irrigations of Penicillin—A Negative Report. Robert E. Priest, 786.

Stenger Malingering Test Made with the Audiometer. Russell Fletcher, 362.

Stroboscopy, Laryngeal. H. B. Perlman, 159.

Stroboscopy of the Ear. H. B. Perlman, 483.

Surgery, Radical Frontal Sinus, The Use of Tantalum in. Robert L. Goodale, 757.

TANTALUM, The Use of, in Radical Frontal Sinus Surgery. Robert L. Goodale, 757.

Temporal Bone, Microscopy of the, with Polarizing Films. George Kelemen, 192.

Thornwaldt's Syndrome. A. R. Hollender and Paul B. Szanto, 575.

Tonsil Fossa, Mixed Salivary Tumor in the, with Narcolepsy and Cataplexy. Charles E. H. Bates, 812.

Tonsil, Palatine, Clinical Observations on the, in the Aged. George Kelemen, 421.

Transplants, Cancellous Bone, for the Correction of Saddle Nose. Samuel Fomon, Romeo Luongo, Alfred Schattner and Frank Turchik, 518.

Trauma, Acoustic. Lilburn C. Boemer, 513.

Tumor, Mixed Salivary, in the Right Tonsil Fossa with Narcolepsy and Cataplexy. Charles E. H. Bates, 812.

Tumors, Plasma Cell, of the Upper Part of the Respiratory Tract. Frederick A. Figi, Albert C. Borders and Fred Z. Havens, 283.

Tympanic Membrane, Rupture of the, due to Blast. A Mechanical Hypothesis. J. J. Cantor, 554.

VITAMIN B Complex, The Relation of Arterial Spasm and Fat Metabolism to Certain Diseases and to Certain Members of the. Grant Selfridge, 384.

Voice, Esophageal, A Simple and Practical Procedure for Developing, in the Laryngectomized Patient. E. Trible Gatewood, 322.
